The State of New Hampshire encourages you to visit ReadyNH.gov to sign up for NH Alerts with your contact information to receive emergency notifications. Once you have signed up, you will receive instant alerts to keep you informed of time-sensitive information. Please note that alerts may be issued to the entire state, municipality or specific targeted areas but alerts will only be sent in the event of an emergency. Such alerts include evacuation notices, missing child alerts and boil water notifications. Based on your personal preference, alerts will be delivered via phone call, text message, email or a combination of all three.
