

Outreach

Providing outreach to Military Families ensures they are well-informed and ready for any situation military life may bring them. This outreach exists through monthly phone calls to a deployed Service Member's Family, newsletters, e-mail announcements of events, workshops, or special services for Military Families. Additionally, our toll free number ensures quick access to this information when it is convenient for the Military Family Member. We are constantly striving to improve our means of communication, guaranteeing that our families have the information needed to be successful.

Partnership

The Military Family Assistance Centers work hand in hand with community organizations and volunteers statewide to provide resources and assistance to all Service Members and their Families. The program is constantly networking with new community organizations and resources.

What are Family Assistance Centers?

Family Assistance Centers (FAC) are considered “one stop shopping” for Military Families. Family Assistance Centers are offices that have been established in order to provide support to Service Members, Veterans, and their Families. They are intended to simplify the process of accessing a variety of services and support. The primary mission of a FAC is to provide resources, information, and referral, for you and your Family.

Eligibility

Eligibility to receive assistance through a FAC is simple - All Service Members, Veterans and their Families are eligible to use the services provided through the New Hampshire FACs. With five locations throughout the state, we can serve you better, and closer to home! No one, regardless of branch affiliation, will be turned away from a FAC. The purpose of the FAC is to assist, and make every effort to meet the Service Member and Family needs.

To contact your nearest Family Assistance Center, see the back side of this brochure.

Services offered by Family Assistance Center Specialists (FACS)

Just some of our services are listed in the Basic Services section of this pamphlet. Please contact your FACS for assistance at the location nearest you. In addition to what's listed, the FACS have many other resources available based on your needs as a Service Member, Veteran or Family member.

Call us anytime.

Basic Services

Crisis Intervention

The FAC coordinator is available 24/7 for any needs. A crisis is de-fined differently by every person. Please do not hesi-tate to contact us. Some crisis situations can involve: domestic abuse, child abuse/neglect, danger to self/others, etc.

TRICARE/Dental

Provide information on TRICARE Health and Dental programs. Assist with TRICARE claims and issues along with the nearest Health Benefits Advisor

Employment

FACs can help with updating resumes, job fairs, job search, unemployment, etc.

BASIC SERVICES CONTINUED

ID Cards/DEERS

Information and assistance for eligible Family Members to obtain Identification cards and enroll in the Defense Enrollment Eligibility Reporting System (DEERS)

Financial Assistance Information

Resources from local, county and state agencies are available to assist with resolving financial problems. The American Red Cross is the official channel to all Armed Services' relief agencies

Legal Assistance

Legal information and coordination with the State Legal Officer for assistance with wills, power of attorney, Service Member Civil Relief Act, and other legal matters

Information and Referral

FACS can provide information, resources and referral to various military and civilian agencies that assist with the unique needs of Military Families.

Housing

Assistance with security deposits, back rent/mortgage payments, utilities assistance, G.I. Housing, and more
