

Webster Conservation Commission
Agenda for Meeting
13 Jan 2021
Submitted by Dan Moran, Chair

Minutes of 9 Dec 2020-Michele Tremblay

Old/Continuing Business-

Olivewood Solar Project- Update by Chris Schadler.

Frost Lane building issue update

Easement Reports Betsy Janeway and Linda Clarke. Dan Linda MJ visited/inspected Janeway Easement and David Cushing Easement. Have the reports been completed and submitted?

Update on Wetlands Ordinance-Chair

Update on White Plains Rd Culvert, McAllen Salt Shed- Chris Schadler

New Business-

Chair-Update on Webster Town webpage.

Bruce Johnson Easement Suggestions. Are easements on town properties necessary? Why/Why not? Should we consider a survey of our residents? Sally Embley shared a copy of the Warner Survey Species of Concern from Master Plan (When was this done?). Does it have any bearing on the Olivewood or McAllen projects?

Road Agent Bean's desire to maybe put a sand and gravel facility on Town property on Dustin Road. Is our wetlands ordinance or the fact that the property is in the Warner River Corridor (.25 miles from the river) in conflict with such a potential use of that parcel? I seem to recall reading something in a statute which might not allow such a facility in a river/wetlands corridor If so we might let him know before his plans get too far along.
Other new business?
