2011
ANNUAL REPORT
2012 Warrant and Budget

THE 2011 WEBSTER TOWN REPORT IS DEDICATED TO

DAVID M. BATCHELDER

Dave grew up in Concord. He and Carol married in 1963 and moved to Webster in 1964 where they raised four children. Over the past 45 years, Dave has served on numerous Town boards and volunteered for other Town committees. He served a total of 16 years as a Selectman and was a charter member of the Planning Board and served that board for eight years. Dave was also one of the authors of the Town's first Zoning Ordinance. He was also involved in the writing of the original Master Plan and the first Master Plan update. In the community Dave also served as Director of the Blackwater River Watershed Association and as Cub Master of Pack #490.

Dave served as Selectman more years than most anyone in memory. The majority of those years were when the Town had no more than a one-room office and vault room under the library in the old school house across from today's Town Hall. In that building the only modern convenience was the beloved "hibachi." Throughout the rustic accommodations of that time and the more comfortable Town Hall we enjoy today, Dave's perpetual smile, get-the-job-done-energy, and quick wit helped move Town government along. By the way, this man also knows how to cook, as anyone who was ever been privileged to sample his gourmet seafood chowder can attest.

After many years of service Dave and Carol have decided to retire to their new home on the shores of Mooselookmeguntic Lake in Rangeley Plantation, Maine. We wish them both well in the serenity of a simpler life.

**TOWN WARRANT – 2012 FOR THE TOWN OF WEBSTER
THE STATE OF NEW HAMPSHIRE**

**THE POLLS WILL BE OPEN
FROM 10:00 AM TO 7:00 PM
TO ACT ON ARTICLE 1**

To the Inhabitants of the Town of Webster in the County of Merrimack in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Webster on Tuesday, the 13th day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the ensuing year. **(By Ballot)**

**BUSINESS MEETING WILL BE HELD
AT THE TOWN HALL ON
SATURDAY, MARCH 17, 2012 AT 10:00 AM
TO ACT UPON THE FOLLOWING SUBJECTS**

2. To see if the Town will vote to raise and appropriate the sum of One Hundred Forty Thousand Dollars (\$140,000) for road pavement preservation.

The Board of Selectmen recommends this article by a vote of 3 to 0

3. To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000) to help offset the cost of the bond for "Funds to Repair Dam" passed at the Pillsbury Lake Water District Special Meeting held August 5, 2006.

The Board of Selectmen recommends this article by a vote of 3 to 0

4. To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000) to create an Expendable Trust Fund under the provisions of RSA 31:19-a, to be known as the Compensated Absences Expendable Trust Fund for the purpose of covering accrued compensation upon expected or unexpected retirement or termination of any employee and to appoint the Board of Selectmen as Agents to Expend.

The Board of Selectmen recommends this article by a vote of 3 to 0

5. To see if the Town will vote to raise and appropriate the sum of Four Hundred Twenty-four Thousand Nine Hundred Fifty-two Dollars (\$424,952) for General Government:

Executive	\$9,650
Election, Registration & Vital Statistics	26,872
Financial Administration	145,291
Revaluation of Property	22,900
Legal Expenses	8,950
Personnel Administration	49,317
Planning & Zoning	16,142
General Government Buildings	46,940
Cemeteries	12,700
Insurance	86,090
Outside Services (Forester)	100

The Board of Selectmen recommends this article by a vote of 3 to 0

6. To see if the Town will vote to raise and appropriate the sum of Eleven Thousand Twenty-five Dollars (\$11,025) for the purpose of providing a single-person health insurance policy pro-rated for those part-time employees that work a minimum 15 scheduled hours per week.

The Board of Selectmen recommends this article by a vote of 2 to 1

7. To see if the Town will vote to raise and appropriate the sum of Two Hundred Sixteen Thousand Five Hundred Sixty Dollars (\$216,560) for the Police Department:

Police	\$214,560
Police – Special Detail	2,000

The Board of Selectmen recommends this article by a vote of 2 to 1

8. To see if the Town will vote to raise and appropriate the sum of One Hundred-two Thousand Three Hundred Ninety-one Dollars (\$102,391) for the Fire Department and Emergency Services:

Ambulance	\$25,041
Fire & Medical	74,150
Emergency Management	3,200

The Board of Selectmen recommends this article by a vote of 3 to 0

9. To see if the Town will vote to raise and appropriate the sum of Two Thousand Six Hundred Dollars (\$2,600) for the following:

Building Inspection/Septic Reviews	\$2,500
Other Public Safety	100

The Board of Selectmen recommends this article by a vote of 3 to 0

10. To see if the Town will vote to raise and appropriate the sum of Three Hundred Seventy-eight Thousand Ninety-six Dollars (\$378,096) for Highways, Streets and Sanitation:

Highways and Streets	\$185,048
Highway Block Grant	63,048
Hopkinton-Webster Landfill Transfer Station	130,000

The Board of Selectmen recommends this article by a vote of 3 to 0

11. To see if the Town will vote to raise and appropriate the sum of Fifty-six Thousand One Hundred Seventy-one Dollars (\$56,171) for the following:

Health Department	\$ 325
Health Agencies	3,452
CASA – Court Appointed Special Advocates for Children	250
Welfare Department	5,300
Community Action Program	4,182
Parks & Recreation	3,500
Penacook Community Center	500
Library	34,662
Patriotic Purposes – Old Home Day	3,000
Conservation Commission	500
Agricultural Commission	500

The Board of Selectmen recommends this article by a vote of 3 to 0

12. To see if the Town will vote to raise and appropriate the sum of Fifty-nine Thousand Seven Hundred Seventy-eight Dollars (\$59,778) for repayment of Long Term Debt and TAN interest:

Principal – Long Term Bond	\$40,000
Interest – Long Term Bond	18,778
TAN – Interest	1,000

The Board of Selectmen recommends this article by a vote of 3 to 0

13. To see if the Town will vote to raise and appropriate the sum of One Hundred Sixty-eight Thousand Five Hundred Dollars (\$168,500) to be added to the following previously established Capital Reserve Funds:

Office Equipment	1,000
Fire Dept. – Air Packs	7,000
Bridge Improvements	20,000
Fire Dept. – Dry Hydrant Repairs	2,000
Reappraisal	1,500
Town Hall Improvements	20,000
Police Cruiser	15,000
Highway Land/Building Fund	35,000
Fire Truck	48,000
Fire Department – Bunker Gear	5,000
Public Safety Building	5,000

Webster/Hopkinton Transfer Station Fund	3,000
Cemetery Improvements Fund	1,000
Police Equipment	2,500
Highway Equipment Capital Reserve	2,500

The Board of Selectmen recommends this article by a vote of 3 to 0

14. To see if the Town will vote to raise and appropriate the sum of Seventeen Thousand Dollars (\$17,000) to be added to the previously established Expendable Trust Funds:

Police Vehicle Maintenance	2,000
Highway	5,000
Fire Department Equipment	5,000
Highway Building Maintenance	5,000

The Board of Selectmen recommends this article by a vote of 3 to 0

15. Shall the Town vote to authorize the Board of Selectmen to offer for sale, as adopted at the annual Town Meeting of 1994 per RSA 80:42 III and 80:80 III, to abutters only those lots owned by the Town located in the Pillsbury Lake District, with the stipulation that the lots be merged with the existing abutting lot and no further lot-line adjustment will be allowed. The price will be determined by the Board of Selectmen at the time of sale. The property available is as follows:

Map 10-4-63

This Article is recommended by the Board of Selectmen

16. To see if the Town will vote to authorize the Board of Selectmen to appoint up to seven (7) members and up to five (5) alternate members of the Agricultural Commission as is permitted under RSA 673:4-b.

This Article is recommended by the Board of Selectmen

17. To see if the Town will vote to appoint the Board of Selectmen as agents to expend from the existing Reappraisal Capital Reserve Fund established at the 1975 Town Meeting.

This Article is recommended by the Board of Selectmen

18. To see if the Town will vote to appoint the Board of Selectmen and the Police Chief as agents to expend from the existing Police Cruiser Capital Reserve Fund established at the 1983 Town Meeting.

This Article is recommended by the Board of Selectmen

19. To see if the Town will vote to adopt, under NH RSAs 72:27-a and 72:62, an exemption from a property's assessed value, for property tax purposes, when the property is equipped with one or more solar energy systems as defined by NH RSA 72:61. Such exemption shall be for 100% of the amount, if any, by which installation of solar energy systems on the property increases the total assessed value of the property. This

exemption will supersede the limited solar exemption last reaffirmed via approval of a “housekeeping article” on the 2010 Town Warrant.

This Article is recommended by the Board of Selectmen

20. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 14th day of February, in the year of our Lord two thousand and twelve.

AUDITOR'S REPORT**PLODZIK & SANDERSON***Professional Association/Accountants & Auditors*193 North Main Street • Concord • New Hampshire • 03301-5063• 603-225-6996 • FAX 603-224-1380

To the Members of the Board of Selectmen
Town of Webster
Webster, New Hampshire

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Webster as of and for the year ended December 31, 2010 which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Webster's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note 13 to the financial statements, management has not recorded the long-term costs of retirement health care and obligations for other postemployment benefits in governmental activities. Accounting principles generally accepted in the United States of America require that those costs be recorded, which would increase the liabilities and expenses of the governmental activities. The amount by which this departure would affect the liabilities, net assets, and expenses of the governmental activities is not reasonably determinable.

In our opinion, because of the effects of the matter discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the governmental activities of the Town of Webster as of December 31, 2010, or the changes in the financial position thereof for the year then ended.

In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund and the aggregate remaining fund information of the Town of Webster as of December 31, 2010, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on pages 22 through 24 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The Town of Webster has not presented a management's discussion and analysis that accounting principles generally accepted in the United States of America have determined is necessary to supplement, although not required to be part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Webster's financial statements as a whole. The combining and individual fund financial statements are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Plodzick & Sanderson Professional Association

April 22, 2011

NOTE: The full *Annual Financial Report for the Fiscal Year Ended December 31, 2010* is on file at the Selectmen's Office for review.

TOTAL OF ALL NET ASSETS \$2,952,142

Note: All Land property taken by Tax Collector's Deeds are calculated at the cost to the Town for uncollected taxes. All Land & Building property listed as "All Other Property" is listed at the assessed value at the time the Town took ownership. When possible, all equipment was calculated using the GASB 34 (2005) minus accrued depreciation calculated on an estimated life expectancy. All furnishings are an estimate of the contents of the stated building. All road projects listed are based on the actual cost for the year that improvements were made minus any depreciation calculated on a 20-year life expectancy.

**TOWN OF WEBSTER NOTICE REPORT
RESTORATION OF INVOLUNTARILY MERGED LOTS
PER RSA 674:39-aa**

If you own real estate lots that were involuntarily merged by municipal action, you may be able to have those lots restored to their pre-merger status.

Your property may qualify if two or more lots were merged for zoning, assessing, or taxation purposes and the merger occurred:

- During your ownership, without your consent; or
- Prior to your ownership, if no previous owner consented to the merger.

To restore your property to pre-merger status, you must:

- Make a request to the local governing body no later than December 31, 2016.

Once restored:

- Your properties will once again become separate lots; however, they must still conform to applicable land use ordinances. Restoration does not cure non-conformity.

This notice must be:

- *Posted continuously in a public place from January 1, 2012 until December 31, 2016, and*
- *Published in the 2011 through 2015 Annual Report.*

Read the full statute at RSA 674:39-aa Restoration of Involuntarily Merged Lots.

This notice was first posted at the Town Hall and on the Town of Webster Website on December 21, 2011.

BOARD OF SELECTMEN REPORT

Over the past year your Board of Selectmen shared the common ground of working together in the best interests of the Town. Here are some of the highlights.

An Energy Committee was formed to look into ways the Town could save energy. Recent improvements include more efficient lighting in the Town Hall, programmable thermostats, an energy efficient refrigerator in the kitchen, an on-demand hot water heater, and additional insulation (done along with the Town Hall repairs and re-roofing). Next up will be internal storm windows and possible outdoor lighting changes.

The Selectmen met with neighboring towns to discuss shared services such as office supply purchases and IT services. Outside speakers from other towns who are well along this path have been most informative. The Selectmen have also met with the Town of Hopkinton Selectmen several times and both Boards approved an updated "Refuse Disposal Ordinance" presented by the Refuse Disposal Committee. Of course, the transfer station and the school district are examples of shared services driven by economic necessity in the past showing that the concept is not new. Shared services discussions will continue and participating towns will keep communications open for opportunities. A central guiding principle is that any shared services must represent a win-win for all parties.

The re-roofing of the Town Hall taught us that projects of this nature are no longer simple. Precise specifications are absolutely necessary, and a clerk of the works is needed to ensure work is properly performed. Included in this project were: steeple painting, additional insulation, more louvers for ventilation, some structural repairs and control measures for our uninvited guests – carpenter ants.

The Sand Shed needs repair because the timbers that reinforce the back wall have rotted away, and some collar ties were in need of replacement. Rather than spend a lot of money on this structure now, it seems more prudent to begin looking into a long term solution. The Road Agent replaced the collar ties, and an informal committee has started looking into possibilities for a new Sand Shed at another location to meet the requirements of increased space now and the need for far more space in the future. In the meantime some stop gap measures will be implemented this year to keep sand piles in place.

In August, the northeast was visited by Hurricane Irene. We had plenty of warning, and police and fire departments met ahead of time to prepare plans. There were some power outages, trees down, and some roads in danger of being washed out. Thanks to the professional response of our fire department, road agent, and police department the storm's impact was minimized.

We are looking into some modifications to the Public Safety Building. The added roof over the electrical service panels must be sealed, and a long-term solution to overall ice and snow complications must be addressed. We hope to move forward with some solutions this year.

The Town's Hazard Mitigation Plan must be updated in 2012, and work has begun with a committee representing a cross section of Town government organizations and at-large members with various areas of expertise. There have been many hours of intense work in a short amount of time by these

volunteers. Committee members include Judy Jones, Emmett Bean, John Clark, Fire Chief Colin Colby, Mason Donovan, Roy Fanjoy, Mike Jette, Police Chief Robert Dupuis, Sally Embley, and Adam Pouliot.

The proposed budget for 2012 is close to last year's budget. However, continued downshifting from the State continues to impact us. By this year, the combined reductions in revenue sharing, flood control mitigation payments, and the highway block grant total a loss of more than \$40,000 of revenue. In better economic times new home building widens the tax base but not these days. Additionally, because recent budgets have been tight, budget surpluses (money appropriated but not spent in previous years) applied to offset tax increases have shrunk. That means that even with the nearly level budget proposed for 2012, the Town portion of property taxes would rise. Budget decisions will be made by all of us on Saturday, March 17th.

In closing, please join us in recognizing and thanking all of the Town employees, elected officials, and many volunteers who go above and beyond for the benefit of all of us. This is the spirit that makes towns like Webster pleasant places to live. In the coming year, please consider volunteering and taking part.

GEORGE C. CUMMINGS
GEORGE K. HASHEM
BRUCE G. JOHNSON
Board of Selectmen

POLICE DEPARTMENT REPORT

As I approach my second year in Webster, I wonder where the time has gone. For the most part I have greatly enjoyed my time in Town.

In 2011, Officer Richard LaValley changed his employment status from full-time to part-time. He decided to return to his previous profession of teaching history. We have hired Daniel Shapiro, who lives in Town with his wife and two children. Dan came to us with twelve years' experience as well as having worked for the State Police and will be a great addition to the Police Department.

The Police Department does try to reduce costs to the taxpayer. I am a firm believer that the people that use the system should pay for it. Therefore, I have made an effort to support this belief by instituting policies which are supported by the RSA's that allow us to charge for services. If we receive firearms, the law allows us to charge for the storage of those firearms. The State also has a fund that allows us to get paid if we take a person into custody who has a certain bench warrant outstanding. For the second year, we have had a contract with the Army Corps. of Engineers that pays us to patrol federal property. Though we had already patrolled the property; we now get paid for it. Over the year we have returned approximately \$9,000.00 to the Town, which will help reduce taxes.

We support the DARE program without any cost to the taxpayers. We held a pancake breakfast and have received other donations towards this worthwhile program.

We have participated in a state-wide project called "Safe Commute". Studies have shown that a large percentage of motor vehicle crashes occur during the morning and evening commute. Though Webster has a very low incident rate, we will continue to try to reduce the rate of accidents.

We have also participated in the "National Drug Take Back Initiative", whereby we work with the DEA to dispose of prescription drugs that are not being used. These drugs could be taking up space in the medicine cabinet, or perhaps belonged to a person who no longer lives in the household, or just need to be disposed of. This way they are not put in the trash or flushed down the toilet, which potentially adds them to the ground water.

As you may be aware, we participated in several meetings with surrounding towns to talk about "Shared Services", which is an ongoing process. This was spearheaded by the Town of Salisbury.

The Webster Police Department, NH State Police and the Merrimack County Sheriff's Department each made proposals to the Salisbury Board of Selectmen regarding police coverage for the Town of Salisbury. Salisbury decided to stay with the State Police. No other discussions will be forthcoming.

I would like to thank the citizens of Webster, the Board of Selectmen, Lieutenant Mitchell, as well as Officers Shapiro and LaValley for their hard work and dedication to the Town of Webster and the Police Department over the past year.

I would also like to thank the Troopers of Troop D and the Deputies of the Merrimack County Sheriff's Department for their assistance during the year.

Respectfully submitted,

ROBERT C. DUPUIS, JR.
Chief of Police

FIRE DEPARTMENT REPORT

2011 was another busy year for the members of the Webster Fire Department. We had 161 calls this year and held 58 meeting/training events. I am quite proud to say that the members of WFD logged in a combined 2,263 hours to calls and training activities. Dispatched calls to Webster, a total of 161, were down slightly from the 174 that were dispatched in 2010 (7.4% decline). The Capital Area Mutual Aid Compact showed a slight increase in 2011 vs. 2010 (1.7 % increase).

This summer we raised our new sign above the overhead doors in the truck bays. It reads "Webster Fire Department, Webster NH" "Volunteers Proud to Serve". This sign sums up the attitudes of the members of your WFD.

I am very appreciative to each member of the Department and to their respective families for letting them participate in all of our calls and functions. The recertification hours required to maintain a medical provider license are grueling for the EMTs. The continuous training that is required for the firefighters is relentless. Spending time with one's family, maintaining a full-

time job elsewhere, and setting time aside for volunteering at our Town Fire Station is difficult, to say the least. With that said, I am sorry to say that we lost four long-time members of the Department this year. I want to publicly thank Kevin Culpon, Jason Carter, Adam Doucette, and Don Koberski for all of their hours and years of service to the Town of Webster.

On a bright note we had three people become members of the WFD in 2011. We welcomed Cameron Lorden, Ben Davis, and Denise Frost to the Department.

I want to thank Adam Pouliot and Emmett Bean for the time they put into specking out a new engine for the Town of Webster. They went to five different fire equipment manufacturers and got quotes from each, presenting the pros and cons of each one to the Department and finally reaching an agreement on a brand new E-One Typhoon Custom Pumper, which is expected to be in service in February 2012.

We are at the station every Thursday evening. If you need a fire permit, stop by and get it. There is no charge. If you are interested in joining the medical or fire service, stop by and check the Department out. When you stop and think about it, it's really neighbors helping neighbors. We, the Webster Fire Department, could really use your help!

In closing, I wish to thank all of the residents of Webster for your continued support going forward. I thank Judy Jones, Wendy Pinkham, Therese Larson and the Selectmen of Webster for all of their assistance and guidance.

Respectfully submitted,

COLIN SHANE COLBY
Fire Chief, Town of Webster

2011 Breakdown of Meetings & Calls by Members of WFD

WFD had 161 Calls toned out in 2011.

In total there were 58 meetings and or trainings in 2011.

Total Volunteer hours by WFD Members was 2,263 hours in 2011.

Member	Trainings	Calls
Colby	46/58	81/161

Fire Chief

FOREST FIRE WARDEN AND STATE FOREST RANGER REPORT

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests & Lands, work collaboratively to reduce the risk and frequency of wildland fires in New Hampshire. To help us assist you, please contact your local Forest Fire Warden or Fire Department to determine if a permit is required before doing ANY outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning, unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local Fire Department or DES at (603)-271-1370 or www.des.state.nh.us for more information. Safe, open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nhdf.org.

Both in terms of the number of fires, as well as the number of acres burned, this past fire season was the smallest since records have been kept. Extensive rainfall virtually all season long kept the fire danger down. When fires did start they were kept very small. The largest fire for the season was only 5.4 acres which occurred in Littleton on May 2, 2011. There was however, a small window of high fire danger in the northern third of the State

during July when little rainfall was recorded. During this time, there were a number of lightning started fires which are fairly unusual in New Hampshire. As has been the case over the last few years, State budget constraints have limited the staffing of our statewide system of 16 fire lookout towers to Class III or higher fire danger days. Despite the reduction in the number of days staffed, our fire lookouts are credited with keeping most fires small and saving several structures due to their quick and accurate spotting capabilities. The towers' fire spotting was supplemented by contracted aircraft and the NH Civil Air Patrol when the fire danger was especially high. Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Several of the fires during the 2011 season threatened structures, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, as well as maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department, and the State's Forest Rangers by being fire wise and fire safe!

CAPITAL AREA FIRE COMPACT REPORT

The 2011 annual report is prepared for the Board of Directors of the Capital Area Fire Compact as a summary of general activities for the 2011 calendar year. It is also forwarded to the town offices of the Compact's member communities for information and distribution as desired.

This organization was created forty-five years ago when a handful of fire chiefs decided they needed to work together by sharing equipment and personnel resources to provide better fire protection and quicker responses to their communities. In addition to fire protection, fire departments now provide emergency medical services as well. Approximately 70% of the Compact's call volume represents medical emergency responses.

The Compact provides 24/7 emergency dispatch service to its twenty-member communities. This service is contracted with the City of Concord Fire Department's Communications Center utilizing eight shift dispatchers and the Dispatch Supervisor. Fire and Emergency Medical dispatched calls totaled 21,127 in 2011, an increase of 1.7% from the previous year. The detailed activity report by agency is attached.

The Compact's operational area is currently 711 square miles with an estimated resident population of 125,004. The latest Equalized Property Valuation published by NH Department of Revenue Administration is 12.2 billion dollars for our member area. All departments participate in automatic responses to other communities as needed.

The Chief Coordinator responded to 173 incidents in 2011, and provided command post assistance on major incidents. He also aids all departments with response planning and updating addressing information.

Current Compact officers, elected in January 2011, are:

President – Chief Ray Fisher, Boscawen
Vice President – Chief George Ashford, Northwood
Secretary – Chief Alan Quimby, Chichester
Treasurer – Chief Daniel Andrus, Concord

Installation of the Homeland Security funded microwave point-to-point communications was completed in 2011. We also have grant approval for cross training of dispatchers of the Capital Area Fire Compact with the dispatchers of the Lakes Region Mutual Fire Aid dispatch center in Laconia. This provides redundancy for both systems in the event of a major failure for any reason at either site. These two dispatch centers provide fire and EMS dispatching to a large area of Central New Hampshire.

The 2011 Compact operating budget was \$932,187. All Compact operations, including the Chief Coordinator's position, office, command vehicle, and dispatch services are provided by the member communities based on local property valuations and population.

The Training Committee chaired by Assistant Chief Dick Pistey, with members Chiefs Keith Gilbert, Gary Johnson, and Peter Angwin assisted all departments with mutual aid exercises. These joint drills provide valuable training in the delivery of our emergency services.

The Central New Hampshire HazMat Team represents 56 communities in

the Capital Area and the Lakes Region area and is ready to assist or respond to hazardous materials incidents in our combined area. Hazardous Materials Team Chief Bill Weinhold encourages all communities to participate in the Regional Emergency Response Commission (REPC) planning programs and to take advantage of hazardous materials training for local departments.

All departments are encouraged to send representation to all Compact meetings. Your input is needed and your members need to be informed of all Compact activities and planning.

We thank all departments for your cooperation. Please contact any Compact officer or the Chief Coordinator if we may be of assistance.

DICK WRIGHT
Chief Coordinator
Capital Area Fire Compact

HIGHWAY DEPARTMENT REPORT

This past year has been relatively quiet and free of any significant weather related events. This lull has allowed us to focus on maintenance issues of both tar and gravel roads. We have focused on several problem areas with ditches and water run off being our top priority.

Road Pavement Preservation money was used to completely rebuild the first 1,600-foot section of Little Hill, as well as apply the base coat of pavement. Additionally, two miles of roads were sealed. Roads sealed were Pearson Hill, Franklin Pierce Drive, New Hampshire Drive and a section of Pleasant Street.

This year's budget negotiations has had its challenges. With cuts from the State to the Highway Block Grant money, and revenue being down in other areas of government, it has been necessary to increase the highway budget to keep our roads at the current level of service.

Future budget concerns will involve the relocation of our Sand Shed. Our Sand Shed currently is located in close proximity to the Blackwater River. Although this relocation poses financial/budget issues to our Town, it is necessary that we be actively cognizant of the potential environmental issues that this could have to the Blackwater River. This past year a committee was established and has been working on possible solutions.

This is a great Town with great people and I want to thank you for all your continued support.

Respectfully submitted,

EMMETT BEAN
Road Agent

HIGHWAY BUILDING COMMITTEE REPORT

The current sand shed is on a small parcel of land close to the Blackwater River and other wetlands across RT 127 from the Town Hall. The building is over 20 years old and portions of the buried supports are failing and there is debris behind the building that should be removed. The salt and sand erosion that occurs around this building should be blocked and filtered better to insure no sand or salt gets into the wetlands or river.

The simplest way to block the sand from reaching the wetlands and river is to set large concrete blocks along the downhill edge of the property and put geotech cloth and straw bales along them to prevent siltation. By keeping this clean and regularly replacing the straw we should be able to safely operate from this location for another year or two.

Long term, the shed should be moved away from the river and any wetlands areas. The best solution would be to place it on a property that could also house a Town Highway Department if the Town chooses to have one at some time in the future. (This has been contemplated for some time as a fund has been started to do this.) This site should be centrally located with easy access and be able to accommodate large trucks.

The old dump site on Pleasant Street Extension and Lot 10-8 in Pillsbury Lake were identified as possible locations. Both are difficult to get to to refill

sand and service equipment. The dump site is particularly problematic, as it is on a narrow dirt road.

Respectfully submitted,

DAVID KLUMB
EMMETT BEAN
HAROLD BLANCHETTE

PLANNING BOARD REPORT

The Planning Board began the year by holding a public hearing on proposed Zoning Ordinance changes dealing with accessory apartments and then submitting those proposed changes for Town Meeting approval.

Presumably as a result of the current economy and, in particular, the lethargic real estate market, the Planning Board saw relatively little land-use-change activity in 2011. There were no new subdivision proposals. The Board approved five voluntary mergers and two lot line adjustments. The Board reviewed and approved site plans for campground additions/expansions and a garage addition at Mellen Company facilities.

A proposed six-lot subdivision on Dustin Road that had been approved in December of 2010 was opened for reconsideration in January when questions pertaining to storm water drainage and life safety concerns emerged. The latter topic, focused on the need for fire protection in a location remote from water sources and Fire Department facilities, precipitated a discussion that was continued to multiple subsequent Board meetings. The applicant proposed that sprinkler systems be required in all residences to be built on the proposed lots. The Board, while agreeing that this would be a reasonable and effective solution, is inexplicably prohibited by State statute from requiring sprinkler systems and instead must require a cistern or fire pond to provide a source of fire-fighting water for the six lots. The applicant argued that those solutions would be prohibitively expensive. Finally, in October, the applicant withdrew the application pending anticipated revision of the relevant State statutes.

In September, Board member and Chairman Clifford Broker resigned for personal reasons. The Board is grateful for his many years of service to the Board and to the Town. Jere Buckley was elected as Chairman for the balance of Cliff's term, and the Selectmen elevated Sue Rauth from alternate to member status to fill the vacancy created by Cliff's resignation.

In December the Board began a review of a draft update of the *Rules of Procedure* document required by statute. This is the first step of a planned effort to review and update that document, the *Subdivision Regulations*, and the *Zoning Ordinance* while the level of land-use-change activity remains low.

Respectfully submitted,

JERE D. BUCKLEY
Chairman

TOWN CLERK REPORT

Thanks to the Town's support, the office is open to the public one extra hour per week. Office hours changed on April 1, to Monday 8am-12pm and 4pm-8pm and Wednesday 8am-12pm and 1pm-4pm. Motor vehicle renewal mailers began in June and residents' feedback is very positive. On average, residents are using the mailer 60% of the time for their renewals. As an added bonus, the mailer cuts down on the number of phone calls regarding the cost of upcoming renewals and office hours.

The only election was the Town Election with all offices unopposed except Selectman. There were 499 ballots cast at the March Town Election. Anyone interested in working at elections is encouraged to call the Town Clerk's office – 603-648-2538.

On July 1 the State removed the surcharge imposed on many motor vehicles and reverted back to the 2009 rates. The State continues to expand the duties of the Municipal Agents allowing residents the option of completing all motor vehicle transactions locally instead of going to a State office. In May the State introduced a new State Park plate. The plate is \$85 annually, in addition to normal registration fees and allows free admission into all-day-use of NH State parks. Boat registrations are an added service through the office, too.

All remaining NH Civil Unions automatically converted to a Same Sex Marriage. The office can provide certified copies of birth, death, marriage and divorce certificates and complete marriage licenses. Fees set by the State for a marriage license went down from \$50 to \$45.

In July an audit was performed on the records of the Municipal Registration Agent and found to be in compliance with all applicable statutes, rules and procedures. A copy of the Audit Report is available for review in the Town Clerk's office.

Each year I build a better understanding of the job and continue to look for ways to improve and better serve the residents of Webster. It is a privilege to serve as your Town Clerk.

Respectfully submitted,

MICHELE ST. JACQUES
Town Clerk

TAX COLLECTOR REPORT

I thoroughly enjoyed my second year as Webster Tax Collector. I take pleasure in meeting Webster residents and, while I may not be good at remembering everyone's names, I do remember the friendly faces of folks whom I see once or twice a year.

Last fall I attended the NH Tax Collector Association meeting in North Conway that provided me the opportunity to attend workshops on tax laws and best business practices. I networked with other NH Tax Collectors and

have found them to be a great group of professionals who enjoy sharing their knowledge.

The two proposals that I requested last year were approved by the Board of Selectmen. Tax information is now available online by linking from the Town website to a dynamic tax kiosk serviced by Avitar. People can log on to view their tax information, amount due including interest, or print their tax receipts. Additionally, the site is used by title companies, banks, and realtors to verify that taxes have been paid on the properties they are servicing. This site has greatly reduced the number of telephone calls and emails that I receive and provides immediate tax data to these agencies. While there was a \$300 implementation fee, there are no other costs associated with this service.

My second proposal was to pay a small monthly salary to the Deputy Tax Collector so she could attend training by Avitar, learn the computer system, and cover the office should I ever be unavailable. I want to thank Michele St. Jacques for her efforts. We do intend to set up more opportunities to provide her with ongoing training in the system.

I am grateful to have the opportunity to meet so many good people in Town. I continue to appreciate the ladies in the Town Office who offer me their friendship and support.

Respectfully submitted,

KAREN R. KING
Tax Collector

WEBSTER FREE PUBLIC LIBRARY REPORT

We begin by thanking the volunteers who keep the library open Wednesday evenings – Nancy Pichall-French, Mary Smith, and Mary Evanofski – and also everyone who made donations during the past year. Your support is indispensable. We used money donated in memory of Frederic Dawe to purchase a globe, new toys, a flannelboard for storytimes, miscellaneous supplies, and for a one-year subscription to the online genealogy database, Ancestry Quest.

Thanks to Judith O'Donnell and her enthusiastic labrador, Sadie, we experimented with providing reading therapy for children last winter. Sadie is a very good listener, so if there is any further interest in this program, we will ask if she is willing to volunteer again.

Judith O'Donnell made a very generous donation to the library at the end of the year, and Pat Hannon also remembered us with a "Merry Christmas" donation.

We changed our catalog and circulation system to an offsite hosting service, which means patrons can now log on any time – day or night – to check on what materials we have, reserve items that are currently checked out, and renew books they have not quite finished with.

Our preschool storytime began its second year and our book group for grown-ups its fifteenth! The Summer Reading Program was a global experience with "One World – Many Stories." Thank you to the volunteers

who provided entertainment, snacks, or both at our programs. Join us in 2012 as we “Dream Big – Read.”

Attendance was up slightly in 2011, with 2,628 people coming in to look for books and magazines, check out DVDs and audiobooks, or use the internet. They checked out 6,466 materials, and downloaded 700 audiobooks and 250 e-books from the increasingly-popular New Hampshire Downloadables site. We are very grateful for the New Hampshire State Library van delivery service that enabled us to borrow 251 materials from and lend 447 to other libraries in the State. We added 711 books, audiobooks, and DVDs to our collection, giving us a total of 11,114 materials. We deleted 33 patrons from our records and added 71, leaving us with a total of 618 registered users of the library.

Respectfully submitted,

SANDY STARKEY, Chair
SUE BARNES, Secretary
MARTY BENDER, Treasurer

CONSERVATION COMMISSION REPORT

We began the year on a bright note with a visit from Carol Foss, Director of Conservation at the Audubon Society of New Hampshire (ASNH). She does a lot of outreach with Conservation Commissions and her visit was very motivational. She also pointed us to Vanessa Jones at ASNH in February as someone who could help us with one of our goals – to get maps to support our conservation planning. We formed a sub-committee who met with Vanessa in April. She completed the mapping process and produced four separate maps for us:

- 1) Map 1 – Water Resources
- 2) Map 2 – Wildlife Habitat / Forest Cover
- 3) Map 3 – Soils (Forest and Farm Resources)
- 4) Map 4 – Natural Services Network

While successfully completing one of our goals, we also said goodbye to both Jack Chwasciak and Nancy Clark who “retired” from the WCC at the end of their terms after many years as commissioners. We want to recognize their contributions and thank them for their years of dedicated service.

Over the past several years we have tried to schedule an outing or activity each season. This year was no exception. About a dozen people participated in a snowshoe hike on February 20th in the woods off Gerrish Road that was capped off with delightful refreshments at the Van Loans’ home. It was a great way to get outside on a beautiful day, meet new people and for some of us, explore a new part of our beautiful Town.

On May 28th, Commissioner Bob Quinn led a very successful bird walk. We met at the elementary school and there was so much bird activity there that we stayed right in the immediate area. In addition to seeing a lot of different species, we also observed some very interesting bird behavior. A walk with Bob is always a learning experience!

In October a group of eight people from Town got together to perform trail maintenance at the Mock Forest. Wielding chainsaws and a variety of hand tools we cleared brush and downed trees on all of the trails and celebrated with home baked cookies and lemonade. We want to thank all those who participated but send special thanks to Dick George who not only helped clear trails, but also went out in advance of the group with a brush cutter and cleared all the overgrown brush along the trails.

In 2012 we will continue to schedule activities that highlight some of the beautiful spaces in Webster. We are also working with the Select Board to schedule a meeting with the Army Corp of Engineers to better understand their policies related to the Blackwater Dam. We are always looking for people interested in conservation or who can get outside to help with our annual easement monitoring. Please contact the Town Office if you are interested in joining!

Respectfully submitted,

Mary Jo MacGowan, Chair

Appointed Members of the WCC: Jane Difley, Sally Embley, Betsy Janeway, and Susan Roman

Alternates: Nancy Van Loan and Bob Quinn

CEMETERY TRUSTEES REPORT

The summer maintenance was handled by Roberts Landscape and Maintenance. Again we would like to express our sincere appreciation to Sue and her crew for another year of a job well done.

This year we finished painting the fences at Riverdale and also Beaver Dam. Extensive pruning and brush cutting was done at Corser Hill Cemetery as well.

In next year's budget we are asking for money to repair several broken stones in all three cemeteries.

We would also like to remind people about the rules and regulations concerning the use of the cemeteries.

- New lots are available at no charge to Webster residents and taxpayers.
- Non-residents are admitted for burial in existing lots belonging to relatives at the request of the family, provided there is space available.
- Once a lot is laid out by the Trustees, corner stone markers must be installed. Head stones are required to be installed within one year of a burial.
- Grave openings and closings are the responsibility of the Trustees. Arrangements for payment must be made by the funeral home in charge or in the case of individuals making arrangements for the burial of cremated remains without a funeral home in charge, payments must be made in advance of openings.

- Regarding shrubs, plants and flowers, the Trustees require the following be observed to help keep maintenance cost down: Only annual or cut flowers are allowed at grave sites. Shrubs or perennial plants are **NOT** allowed.
- Waterproof vaults are required for the interment of caskets.
- Please **DO NOT** throw any trash from the cemetery over the fences as the land over the fence is private property.
- Generally we do not start burials until after May 1st depending on the weather and ground conditions.
- The cemeteries are closed as of December 1st. Depending on weather conditions they may close earlier. There are no burials after the ground has frozen or snow cover is on the ground.

Anyone with questions or concerns can contact any Cemetery Trustee or the Town Office.

Respectfully Submitted,

BRENDA J. SILVER
LINDA P. MOCK
AIME S. SILVER
Cemetery Trustees

SOCCER ROUNDUP

The 2011 Soccer season completed their 4th season under the direction of Webster Youth Soccer, a group of volunteer parents. We received sponsors for the kindergarten through 5th/6th grade boys' soccer teams. We would like to say "thank you" to our sponsors for supporting Webster youth this season: Eastern Valley Landscaping, Steel Umbrella Standing Seam Metal Roofing, Hopkinton Forestry & Land Clearing, Soot Solutions and Blackwater Environmental Design.

The 2011 Soccer season continued with the 7th summer of hosting the British Challenger Soccer Camp from August 2nd-6th. We had 20 children participate in the camp this year ranging from our youngest players (5-6 years old-in the ½ day program) to the Advanced Camp for (12-15 years old). They also learned about England from the two coaches we hosted from the United Kingdom. Thank you to the Webster Elementary School and the MV Maintenance Department for their support in maintenance of the soccer field.

We had 65 players from Webster this year. We continued with the combined (Salisbury and Webster) 5th/6th grade boys and 5th/6th grade girls teams in the Merrimack Valley Soccer League. This allowed the players a chance to play other recreational soccer teams in the area. Our players enjoyed meeting and playing against other players from the area. We also continued a combined (Boscawen, Salisbury, Penacook and Loudon) boys 7th/8th grade team, 9th-12th grade coed team and the 7th/8th girls team in the Merrimack Valley Soccer League. This provided an opportunity for children who enjoy playing soccer to continue to play at a recreational level. We continued with games in October for the 1st/2nd grade teams prior to their soccer festival. We

ended the season by hosting a total of six tournaments with the towns of Boscawen, Penacook and Salisbury. These tournaments ranged from the Kindergarten Soccer Festival through to the 5th/6th Grade Boys and Girls MV World Cup and one of the 7th/8th girls MV tournaments. We continued the individual girls and boys juggling competition at the 3rd/4th grade and 5th/6th grade tournaments which the players enjoyed and had our second juggle off! Thank you to the parents and coaches who gave of their time and energy during the 2011 season.

In 2012 we continue to look for ways to provide opportunities for our children to play and enjoy the game of soccer. The 8th British Challenger Soccer Camp is scheduled for August 6th-10th. The new season of games are planning to start the beginning of September. If you have any questions or are interested in helping out with soccer, please call Heidi Pelchat at 648-6416.

Respectfully submitted,

HEIDI PELCHAT

HOPKINTON/WEBSTER MSW FACILITIES REPORT

The Hopkinton/Webster Municipal Solid Waste Facilities received and processed thousands of tons of waste materials in 2011. Trash, recyclables, construction and demolition debris, universal wastes, yard wastes, and brush were handled and/or shipped out for reuse or proper disposal. All of these services were available to the 7,500 residents of Hopkinton and Webster as well as the businesses that support these communities.

Groundwater quality has been monitored in and around the area of the MSW Facilities for over 25 years. There have been concerns that the municipal sanitary landfill on the site, which stopped accepting trash in 1989 and was closed for good in 1996, might be leaching contaminants that could threaten the local environment and nearby private drinking wells. The issue of residential well contamination was addressed in 2011.

A Community Water System, which was funded by the communities in 2010, was completed and began operating in March of 2011. The site and design was approved by the New Hampshire Department of Environmental Services. The Hopkinton Public Works Department did all of the site work and installed a distribution system. Infrastructure Construction Company of Bow built the well-house and installed the associated water supply equipment.

The residences in the Groundwater Management Zone are now receiving their drinking water from the new Community Water System. The water supplied from the new well has undergone a rigorous water quality sampling regimen involving monthly, quarterly, and annual testing for a wide variety of contaminants. All NHDES and EPA drinking water standards are being met. Employees at the MSW Facilities and the Hopkinton Highway Department have been trained, have taken classes and licensing exams, and are operating and maintaining the CWS on a daily basis.

There are constantly changing trends in the recycling and solid waste industries and evolving State and Federal standards that make providing environmental services on a local level challenging. The Hopkinton/Webster Landfill Committee meets regularly to address policy, budgetary, and planning issues at the MSW Facilities. The Recycling Committee promotes environmental programs throughout the communities. The Town of Hopkinton employees who are charged with making everything work and meeting the demands of the communities are getting it done.

STEVE CLOUGH
Asst. PW Supt., Waste
Town of Hopkinton

UNH COOPERATIVE EXTENSION MERRIMACK COUNTY REPORT

We served 13,198 Merrimack County residents from October 2010 to September 2011 with all of our various programs such as 4-H, Nutrition Connections, agriculture, forestry, money management, and parenting – reaching residents in all 27 towns in the county.

Who we are:

UNH Cooperative Extension, the public outreach arm of the University of New Hampshire, has engaged New Hampshire residents for 97 years with a broad variety of non-formal educational offerings. In 2011, Extension reached over 13,198 residents in Merrimack County with our various programs.

What we do:

We offer programs in family finances, developmentally-based parenting strategies, food safety, home gardening, 4-H (including clubs, camps, special interest programs and after school programs for children and teens), nutrition education for low-income families, and community-based gardening education. We respond to the needs of forest landowners, commercial farmers, niche growers, farmers' markets, and many other groups.

UNH Cooperative Extension is a sought-after resource throughout Merrimack County where educators are called upon to provide technical assistance to towns and communities in municipal and community strategic planning, after school development and early childhood programing, town forests and community natural resources.

We provide guidance to community boards on current use, timber tax law, and other land-use issues. We also provide technical support and assistance to many community programs with the latest research and best practices.

How we do it:

County Extension field staff bring these programs to county residents through hands-on workshops, site visits, seminars, conferences, phone consultations, video-conferences, printed materials, correspondence courses, a statewide, toll-free Info Line, and a large state-wide Web site, as well as,

partnering with other programs to bring the best to the citizens of Merrimack County.

UNH Extension trains and supports more than 5,000 volunteers statewide: 4-H leaders, master gardeners, wildlife coverts, community tree stewards, water quality monitors, marine docents, and others, who extend the reach of Extension programs into many domains of New Hampshire life.

Continued areas of emphasis:

Self-sufficiency and a safe, personal food supply continue to be on many citizens' minds; we held how-to workshops for growing your own food and raising backyard livestock, as well as, food preservation and canning. These were attended by well over 949 Merrimack County citizens.

Our state-wide Home & Garden Center toll-free Info Line staffed by volunteers fielded 418 calls alone from Merrimack County residents.

Bullying and Cyber-bullying has been much in the news and Extension responded with workshops and information for parents, community organizations, law enforcement and schools. Extension launched a research and curriculum project to develop a middle school anti-bullying program.

Connect with us:

UNH Cooperative Extension
315 Daniel Webster Highway
Boscawen, NH 03303
Phone: 603-796-2151
Fax: 603-796-2271

UNH Cooperative Extension operates a state-wide Education Center and Info Line (toll-free at 1-877-398-4769) which is staffed Monday through Friday, 9:00 am – 2:00 pm, and 5:00 pm to 7:30 pm

Extension also distributes a wide range of information from our Web site:
www.extension.unh.edu

VISITING NURSE ASSOCIATION OF FRANKLIN REPORT

The Franklin VNA and Hospice has continued in its mission to provide quality home-health care to the members of our community as we have for 67 years. It has been our pleasure to provide Home Care and Hospice services to the citizens of Webster, where this year we have made a total of 54 visits to 13 individuals. We have logged 64,747 miles agency-wide. We are fortunate to have a dedicated and caring staff to provide our services and a Board of Directors that wholeheartedly supports our mission and ensures that the staff has the tools they need and the access to the Board's insight into our communities' needs.

The past year was a mixture of economic challenges and regulatory changes from Medicare. The national economic issues have certainly affected this agency as we have seen a reduction of funding from donations, loss of Merrimack County funds for our homemaker program, decreased funding of

our United Way allocation request and erosion of other sources of support. The cumulative loss impact was significant. We experienced an additional cut in funding from Medicare while having to comply with new regulatory requirements for documentation of Face to Face patient encounters from our physicians referring patients for services. This was also the year in which Medicare required that we contract with an approved vendor to perform our Patient Satisfaction survey. All of these requirements have added to our costs of providing care to our neighbors.

Our Hospice program continues to grow as we have been able to expand our service offering additional long-term care facilities in our community such as The Peabody Home for the Aged, The New Hampshire Veterans Home and the St. Francis Health Care Center. This gives residents of these facilities a choice of having Hospice care available to them as they may need it. Recently we experienced our State Survey for our Hospice program and are re-certified under the Medicare Program.

As we look to a new year, clearly we see many challenges for this agency. Small community organizations are all struggling with the issues of providing great services with fewer resources. We rely on our communities' support to help offset the overhead costs and shortfall we have from underfunded payer sources, such as Medicaid, and uninsured patients, which is a growing segment of those we serve. The rising costs of doing business, providing employees access to health insurance and competing to hire knowledgeable, experienced staff are among our challenges. We have the opportunity to consider what we are able to do with our resources and focus our efforts on those areas we do well.

This has been another productive year for the VNA of Franklin. What we do does make a difference to our community and to our patients. We are committed to continuing to provide excellence in our care and warmth of heart in our caring. We certainly appreciate the support we receive from the Town of Webster and would remind Webster residents that we are available to care for them when it is needed.

COMMUNITY ACTION PROGRAM REPORT

Services provided to Webster residents in 2011 by the Kearsarge Valley Area Center CAP Belknap-Merrimack Counties, Inc.

<i>Service Description</i>	<i>Units of Service</i>	<i>Persons</i>	<i>Value</i>

GRAND TOTAL			<u>\$ 94,688.43</u>

Information and Referral – CAP provides utility, landlord/tenant, legal and health counseling, as well as referrals for housing, transportation and other life concerns. These support/advocacy services are not tracked.

HISTORY COMMITTEE REPORT

2011 started out with January snowstorms dropping 14-20" on the 12th, another 8" on the 18th and 6" on the 21st. By the end of January temperatures dropped to minus 17. This was the snowiest January in over two decades. But Mother Nature was not finished yet. February seemed to promise more of the same. February 1st thru the 8th dropped another 12". The first day of spring, March 21st, we had 3" of snow followed by 8" on April 1st. May arrived raining every day from the 13th to the 20th. We got through summer, but along came Hurricane Irene on August 28th. By the time it reached New Hampshire, after causing much flooding and destruction along the east coast, it was only a Tropical Storm. Even in its weakened state, it caused rivers to rise, leaving about 165,000 homes and businesses across the State without power. All Fire and Police personnel state-wide manned their stations prepared for the worst. Webster was also on alert, but luckily only some trees came down. Neighboring Vermont and the north country of NH did not fair as well. Webster received \$5,959.91 from FEMA for storm damages occurring from Tropical Storm Irene. An uneventful summer passed and then on October 28th we had a snowstorm causing some Halloween activities to be postponed.

On a positive note, avid mushroom hunters reported that an abundance of edible mushrooms grew due to the wealth of moisture.

Daniel Webster Grange sponsored the reading of the Town Warrant and Budget review on Feb 8th.

The 2011 Town Meeting elections were held on Tuesday, March 8th. The Business Meeting continued on Saturday, March 12th. Nearly 140 voters filled the Town Hall and made quick work of a \$1.6 million dollar Town Budget. This included the expenditure of \$140,000 to catch up on long-neglected road repairs. The biggest news was Moderator Harold Janeway was stepping down after 20 years.

The tax rate was set at \$17.64, up .65 cents from the 2010 rate of \$16.99 per \$1,000 of assessed value. The breakdown was as follows: Municipal \$4.11; County \$2.36; Local School \$9.00; and State School \$2.17. Merrimack Valley School District Budget rate increased .55 cents per \$1,000 of assessed value. Webster's portion of the school budget was \$2,448,332. The County tax portion was \$546,084.

Two properties were deeded to the Town for non-payment of taxes, and seven families lost their homes to foreclosure. There was one building permit issued at a cost of \$600. In addition there was a fee of \$150 payable to the

Town as well as a \$300 fee payable to DES for the review of new septic systems. Upon issuance of a Certificate of Occupancy, the Town's impact fee of \$5,306 will be due.

The 2011 fuel prices as of December 26th were as follows: gas \$3.22/gallon, up .22 cents from last year; oil \$3.759/gallon up from \$2.999; propane \$3.389/gallon down from \$3.399 gallon. Dry cord wood sold for between \$250 and \$300, up from last year's average of \$225.

On December 28th the national unemployment rate was 8.6% and the NH rate was 5.2%, down 5.4% from last year. This was not much of a change and seemed to stay steady over the year. The highest rate was in Coos County at 6.9% and Merrimack County was the lowest at 4.3%. The NH rate was the lowest among the New England states.

The Webster Grange is now in its 127th year of existence. The projects for the year included "Dictionary Project", where they provide dictionaries to all third-grade students in the Webster, Boscawen and Salisbury schools and their "Christmas Mug Project" where they fill, wrap and deliver mugs to those in nursing homes and homeless people (between 10 to 12 dozen).

April 17th saw the return of the canoe and kayak racing event in the New England Slalom Series on the Blackwater River starting under the Sgt. William J. Tracy Memorial Bridge on Route 127 and continuing on behind the Webster Elementary School. This was the event's 27th year organized by Sonny Hunt.

As well as hosting the kayaker's breakfast on April 17th, the Grange sponsored the annual Easter Sunrise breakfast at the Town Hall after the Easter Sunrise Service that is held on Pearson Hill Road. All profits are donated to Webster's First Congregational Church Sunday School.

The Pillsbury Lake Annual Easter Egg Hunt was not held this year due to the lack of potable water at the Clubhouse.

The Society for the Preservation of the Old Meeting House once again held their annual Memorial Day event on May 27th. All students from the Webster Elementary School celebrated Memorial Day by visiting the Meeting House. There were presentations by classes showcasing their knowledge about the meaning of Memorial Day. They also visited the Veterans Memorial and the Corser Hill Cemetery where they placed flowers and flags on the graves. Hot fudge sundaes were served on their return to the Meeting House. This event was also open to the public. The fourth-grade classes from Webster, Salisbury and Andover learned about the history of each town's museum and artifacts at the annual Round Robin Day held on June 1st sponsored by the three towns' museums. The Meeting House joined in this year's Old Home Day by opening the museum for the weekend. All displays were updated and new ones added.

The First Congregational Church of Webster held a luncheon on May 22nd wishing a fond farewell to Pastor Elizabeth French who had been minister for 10 1/2 years. On November 1st Reverend David Pearson was appointed Interim Pastor. David and his wife, Gail, come from Rochester, NH.

The Church Booth at the Hopkinton Fair took in \$1,700 less than last year, \$8,300. Once again Dot Haskins held her twice-yearly yard sales at her Pennies from Heaven Farm, netting a total of \$725 in sales for the benefit of

the Church. One side of the Church booth at the Hopkinton Fair had to be repaired. Luckily there were volunteers to do the work. Unexpectedly, the 3-4 year old furnace at the parish house had to be replaced costing the Church \$1,500 to have it installed.

After six years, Webster once again celebrated a traditional Old Home Day on August 20th. There was a parade with floats, a frog jumping contest, horseshoe games and a greased pole to climb. A chicken barbeque supper was held at the Town Hall and in the evening there was dancing in the street on Allen Road.

This year The Circle of Home and Family, originally known as the Webster Women's Extension, disbanded after 50+ years. Members were invited to join other clubs in surrounding towns.

The Webster Elementary School Ski Program, coordinated by Marjorie Blanchette, had 35 children carpooling to Pats Peak each week.

The Webster Community Suppers at the Webster Town Hall continued this year starting on July 2nd and ran for six consecutive Saturdays. Proceeds from these suppers are shared by the Grange, the Women's Union and the Webster First Congregational Church.

Repairs were made to the Town Hall. Roof repairs involved new 30-year shingles at a final cost of \$46,896.50. Additionally the Clerk of the Works cost \$1,904.40; building rot repairs cost \$2,463.15; and pest services were required due to ant infestation which cost \$395. Painting of the steeple was also done because of the convenience of having lift equipment already on the site at a cost of \$2,000.

The former campground known as Indian Orchard re-opened in May as Cozy Pond Camping Resort. It got a facelift and some upgraded amenities. The campground was approved for 10 additional sites, bringing the total to 79. The construction of a swimming pool was approved for use by those camping on the grounds only. A camp store was also opened for the convenience of the campers and the townspeople. Beer, wine, snacks, groceries and other staples will be available for sale from May to October.

Webster has a winery in Town located on Battle Street known as Coffin Cellars Winery. The winery is a family-run business. Peter Austin, along with his two sons, Jamie and Tim, specialize in wines with fruits and berries, many of which are grown locally or on their own property.

The towns of Webster, Boscawen, Andover and Salisbury have joined forces to save money for buying items in bulk, rather than in smaller, separate transactions. This is an ongoing process. The pooling resources committee will continue to promote and explore shared services.

Two loggers and the landowner of Webster properties, (which were logged back in 2009, on Little Hill Road), were cited for unauthorized wetlands violations and had to pay more than \$25,000 in fines for failing to protect the wetlands. Since then one of the properties was sold. The new owner sold the land to the Nature Conservancy and has a conservation easement on it. The forest is now growing back and is being protected after significant portions were clear cut.

Changes at the Town Clerk's Office resulted in an easier way to renew your vehicle registrations. Renewals can be done through the mail or taken to

the Town Clerk. Boat renewals also can be done by the Town Clerk. Good news, when you register your boat in Webster, the municipal tax stays in Webster.

A law was passed by the Legislature that persons over the age of 75 do not have to take a driver's test to renew their licenses.

On November 18th the Prive residence on White Plains Road was destroyed by fire due to arson. Police investigations resulted in the identifications of multiple suspects and one arrest.

SCHOLARSHIPS:

Grange: Faith Alissa Bouchard

Barbara Hochrein Memorial Book Scholarship Award: Faith Alissa Bouchard. Faith is attending Colby Sawyer College majoring in Graphic Arts.

TEACHERS AT WEBSTER ELEMENTARY SCHOOL:

**MINUTES OF THE WEBSTER TOWN MEETING
MARCH 8, 2011 and MARCH 12, 2011**

**Tuesday, March 8, 2011 – THE POLLS WERE OPEN FROM
10:00 AM TO 7:00 PM TO ACT ON ARTICLES 1-7**

Moderator pro-tem, Clarence Jeffrey declared the polls open at 10:00 am. He announced and read a Protest Petition regarding warrant articles 6 and 7 on the ballot.

ARTICLE 1: To choose all necessary Town Officers for the ensuing year.

OFFICE	# YRS. TERM	NAME	# OF VOTES
Selectman	3	David Klumb	196
		Bruce Johnson	302
Tax Collector	1	Karen King	462
Town Clerk	1	Michele St. Jacques	473
Treasurer	1	Mary Smith	457
Cemetery Trustee	3	Brenda Silver	459
Library Trustee	3	Sandra Starkey	459
Trustee of Trust Funds	3	Judith Jones	456

499 ballots cast

ARTICLE 2: **PASSED** **YES – 337 NO – 103**

Are you in favor of the adoption of **Amendment No. 1** as proposed by the Planning Board for the existing Webster Zoning Ordinance as follows?

Repeal Article II Definition of “Accessory Apartment” and replace with the following:

Accessory Apartment. A second dwelling unit attached (in or added) to a single-family dwelling, for use as a complete, independent living facility with provision separate from the primary single-family dwelling for cooking, eating, sanitation and sleeping.

ARTICLE 3: **PASSED** **YES – 290 NO – 158**

Are you in favor of the adoption of **Amendment. No. 2** as proposed by the Planning Board for the existing Webster Zoning Ordinance as follows?

Repeal Article III Section 2 and replace with the following:

2. A building lot shall have no more than one single family residence, commercial establishment or a manufactured housing unit thereon unless otherwise permitted by Special Exception.

ARTICLE 4: PASSED YES – 254 NO – 197

Are you in favor of the adoption of **Amendment No. 3** as proposed by the Planning Board for the existing Webster Zoning Ordinance as follows?

Repeal Article V Section 6. (Accessory Apartments) (See new wording in the next proposed amendment.)

ARTICLE 5: PASSED YES – 281 NO – 160

Are you in favor of the adoption of **Amendment No. 4** as proposed by the Planning Board for the existing Webster Zoning Ordinance as follows?

Repeal Article V Section 3 (Conversion to Two-Unit Dwelling) and replace with the following:

- 3. Accessory Apartment.** An accessory apartment may be permitted by special exception for new construction or existing dwellings if the following conditions and standards are met:
 - A. The proposed accessory apartment shall have a minimum of four hundred (400) and a maximum of six hundred (600) square feet of gross floor area.
 - B. The proposed accessory apartment shall contain a separate kitchen.
 - C. The proposed accessory apartment shall contain a separate bathroom.
 - D. The proposed accessory apartment shall contain only one bedroom.
 - E. The proposed accessory apartment shall have at least two means of egress leading to safe and open space at ground level. These entrances shall not be combined with another unit's entrances except by a common hallway.
 - F. The proposed unit must meet all relevant life safety and sanitary codes.
 - G. The applicant shall obtain approval from the Town Septic Reviewer and New Hampshire Department of Environmental Services showing that the septic system and water supply system for the dwelling are adequate for two (2) units.
 - H. The applicant shall submit a plot plan and a floor plan to the Zoning Board of Adjustment in accordance with that Board's procedures.
 - I. Only one accessory apartment shall be permitted on a lot.
 - J. Accessory apartments shall not be permitted in the Pillsbury Lake District.

ARTICLE 6: PASSED YES – 261 NO – 187

Are you in favor of the adoption of **Amendment No. 5** to the existing Webster Zoning Ordinance as submitted by Petition as follows?

To amend Article III, Section 2 of the Town of Webster Zoning Ordinance to include the following language:

No recreational vehicle stored or parked in a State and locally-approved campground shall be allowed to be converted into a dwelling unit.

No additions to recreational vehicles shall be allowed once stored or parked in a State and locally-approved campground; excepting (a) that a “manufactured screen room” shall be allowed to be added to the recreational vehicle during the operating season provided that prior approval is obtained from the owner of the campground; and provided that said “manufactured screen room” is detached from the recreational vehicle and stored away at the end of each campground season; and excepting (b) that “wooden platforms” and “decks” shall be allowed to be added to the recreational vehicle during the operating season provided that prior approval is obtained from the owner of the campground, and provided said wooden platforms and decks are not attached to the recreational vehicle, and provided said wooden platforms and decks must rest on the ground or blocks.

Any “manufactured screen room”, “wooden platform”, or “deck” used in regards to said recreational vehicles must meet specific guidelines as provided, approved and enforced by the owner of the campground.

**(BY PETITION) (NOT RECOMMENDED BY THE
PLANNING BOARD)**

ARTICLE 7: PASSED YES – 283 NO – 161

Are you in favor of the adoption of **Amendment No. 6** to the existing Webster Zoning Ordinance as submitted by Petition as follows?

To amend Article III, Section 5 of the Town of Webster Zoning Ordinance to include the following language:

A recreational vehicle may be stored or parked in a State and locally-approved campground when the campground is closed for the operating season by the owner of the recreational vehicle provided the recreational vehicle is not “used” for any purpose during when the campground is closed for the operating season and that access to the recreational vehicle is restricted by the owner by the said campground so that access can only be made through a gate to the said campground and with permission only to be granted by the owner of the said campground to the owner of the recreational vehicle so that the owner of the recreational vehicle can inspect the recreational vehicle when the campground is closed for the operating season.

**(BY PETITION) (NOT RECOMMENDED BY THE
PLANNING BOARD)**

**BUSINESS MEETING WAS HELD AT THE TOWN HALL ON
SATURDAY, MARCH 12, 2011 AT 10:00 AM
TO ACT UPON THE FOLLOWING SUBJECTS**

The meeting was called to order at 10:01am. Moderator Janeway invited the Girl Scouts to lead us in the Pledge of Allegiance. Moderator Janeway called attention to the Town Report and the dedication to Bob Pearson. A moment of silence was held for Bob and others missed in 2010.

The "Golden Snowplow Award" was given to Road Agent, Emmet Bean and his crew for the great job they do by the Moderator.

The Moderator read the election results. Bruce Johnson was the new Selectman with all other positions unopposed. Ballots cast was 499. All zoning ordinances passed.

Selectman David Klumb provided a budget summary of where the Town is heading. Budget is down \$9,770.35 or .61% from last year. Salaries are up, police and fire budget is up. Money is being saved in capital expenditures.

ARTICLE 8: To see if the Town will vote to change, pursuant to RSA 35:16, the purpose of the Webster/Hopkinton Transfer Station Equipment Fund previously established in 2008 to the Webster/Hopkinton Transfer Station Fund for the purpose of future landfill purchases and improvements and to designate the Board of Selectmen as Agents to expend.

(2/3 Vote Required, by Hand Count)

This Article is recommended by the Board of Selectmen

Moved and seconded. Selectman Hashem explained the fund was established so Webster would not be hit with large equipment expenditures made by the Town of Hopkinton for the Transfer Station. This warrant article changes the fund's name to broaden the use of the fund for other purposes such as paving and building improvements. The name change will expand the capabilities of the fund for capital improvements whether it be land, equipment or building.

Moderator called for a hand vote.

PASSED HAND COUNT – YES – 134 NO – 1

ARTICLE 9: To see if the Town will vote to raise and appropriate the sum of One Hundred Forty Thousand Dollars (\$140,000) for road pavement preservation.

This Article is recommended by the Board of Selectmen

Moved and seconded. Selectman Klumb explained in prior years \$100,000

was budgeted to fix a specific road or section of road, neglecting the other roads. There are roads that need some work and others that need a lot of work. To prevent further disrepair to the roads no specific road will be earmarked for repair; it will be left to the Road Agent and Selectmen to decide which roads need repair and which roads need reconstruction. There is not enough money to reconstruct all the roads so steps will be taken to repair them. The saveable roads will be sealed and a look will be taken as to which roads need to be rebuilt.

Moderator called for a voice vote.

PASSED BY VOICE VOTE

ARTICLE 10: To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000) to help offset the cost of the bond for "Funds to Repair Dam" passed at the Pillsbury Lake Water District Special Meeting held August 5, 2006.

This Article is recommended by the Board of Selectmen

Moved and seconded.

When the Pillsbury Lake dam failed in 2006, the Village District held a meeting to fund the rebuilding of the dam. The Board of Selectmen attended the meeting and agreed that repairing the dam kept the village districts' property assessments level. The bond was for 20 years.

Moderator called for a voice vote.

PASSED BY VOICE VOTE

ARTICLE 11: To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000) to create an Expendable Trust Fund under the provisions of RSA 31:19-a, to be known as the Highway Building Maintenance Expendable Trust Fund for the purpose of covering unexpected highway building expenses that may come before the Town and to appoint the Board of Selectmen and the Road Agent as Agents to Expend.

This Article is recommended by the Board of Selectmen

Moved and seconded.

Selectman Cummings explained that the salt shed is in need of repair before anyone gets hurt.

Martin Bourque asked if Department of Environmental Services ever examined the site of the shed relative to the Blackwater River. Bob Lake said it was reviewed when it was built and approved.

Road Agent Bean mentioned that the money was asked for a couple years ago but was cut due to the budget cuts at Town Meeting.

Moderator called for a voice vote.

PASSED BY VOICE VOTE

ARTICLE 12: To see if the Town will vote to raise and appropriate the sum of Four Hundred Twenty-seven Thousand Four Hundred Thirty-eight Dollars (\$427,438) for General Government:

Executive	\$10,295
Election, Registration & Vital Statistics	20,955
Financial Administration	138,761
Revaluation of Property	22,900
Legal Expenses	16,250
Personnel Administration	44,070
Planning & Zoning	18,300
General Government Buildings	42,653
Cemeteries	12,700
Insurance	100,454
Outside Services (Forester)	100

This Article is recommended by the Board of Selectmen

Moved and seconded.

Selectman Hashem reviewed each line item and explained any increases or decreases. There are more hours for the Town Clerk and Deputy Town Clerk and more supplies. After three years, the Financial Administrator and Administrative Assistant are getting a raise. Legal Expenses are down 47% due to the balance being up in the capital reserve fund for legal. Health insurance costs were down 3%.

Dick Foss asked if there had been an Energy audit on the Town buildings. Selectman Klumb explained that Marty Bender was heading the Energy Committee and that all light fixtures had been replaced in the Town Hall. Marty Bender mentioned there would be an energy assessment performed for free in April. Town Clerk Michele St. Jacques expounded on the increase in the Elections, Registration & Vital Statistics line item to include more hours for the Supervisors of the Checklist

ARTICLE 13: To see if the Town will vote to raise and appropriate the sum of Two Hundred Five Thousand Two Hundred Twenty-six Dollars (\$205,226) for the Police Department:

Police	\$203,226
Police – Special Detail	2,000

This Article is recommended by the Board of Selectmen

Moved and seconded.

Selectman Klumb explained the budget is up 9% due to increased officers'

pay and increasing the Police Chief's hours to 34 hours beginning April 1. The original contract was for 20 hours. His hours were increased to 28 for the last half of 2010. Richard Doucette requested a breakdown of time for the Police Chief's 14 extra hours. Chief Dupuis explained that when he was first hired his contract broke down the hours to two hours answering complaints; 18 hours administrative time. When Officer LaValley was at the academy, Chief Dupuis went to the Selectmen and requested he work eight more hours for patrol duty. The additional hours will provide coverage to the Town seven days a week from 7am-11pm excluding holidays, vacation and training.

Bob Pearson noted that the Town is headed back to having a full-time police chief when just two years ago a consultant recommended two full-time officers and a part-time chief. His concern was over the money being spent for the police department and not the roads.

Motion made by Bob Pearson to amend Article 13 to reduce the police budget to \$185,000; equivalent to last year's police budget. Seconded. There was discussion about the increase in crime and juvenile issues noting it is important to see the increased patrols. Sally Becker commented as an EMS provider that she feels better when the police are at the scene first. Selectman Hashem praised the Chief for a fine job, followed by a round of applause.

Amendment to Article 13 failed by voice vote.

Moderator called for a voice vote to Article 13.

PASSED BY VOICE VOTE

ARTICLE 14: To see if the Town will vote to raise and appropriate the sum of One Hundred Two Thousand Five Hundred Seventy-two Dollars (\$102,572) for the Fire Department and Emergency Services:

Ambulance	\$25,041
Fire & Medical	73,831
Emergency Management	3,700

This Article is recommended by the Board of Selectmen

Moved and seconded.

Selectman Hashem explained that the dispatch services from Merrimack County are up and the radios and pagers need reprogramming. Also, there is an increase of \$1,750 for wages for the volunteers. The Emergency Management line is up to pay the assistant \$500. Kern Jackson asked for an explanation of the increase in the ambulance line. The ambulance is up because of the contract price from Hopkinton. The fee is based on the populations of the towns they serve.

Moderator called for a voice vote.

PASSED BY VOICE VOTE

Sally Becker made the motion to restrict Articles 8-14. Seconded.

Moderator called for a voice vote to restrict reconsideration of Articles 8-14.

PASSED BY VOICE VOTE

ARTICLE 15: To see if the Town will vote to raise and appropriate the sum of Four Thousand Six Hundred Dollars (\$4,600) for the following:

Building Inspection/Septic Reviews	\$4,500
Other Public Safety	100

This Article is recommended by the Board of Selectmen

Moved and seconded.

Selectman Klumb explained this is a pass through article covered by fees. When someone has a septic failure, they have to get a new design and pay a fee to the Town of \$300. Part of the fee goes to the septic inspector.

Moderator called for a voice vote.

PASSED BY VOICE VOTE

ARTICLE 16: To see if the Town will vote to raise and appropriate the sum of Three Hundred Ninety-two Thousand Nine Hundred Ninety-two Dollars (\$392,992) for Highways, Streets and Sanitation:

Highways and Streets	\$169,950
Highway Block Grant	73,042
Hopkinton-Webster Landfill Transfer Station	150,000

This Article is recommended by the Board of Selectmen

Moved and seconded.

Moderator Janeway asked with current fuel costs higher today than when the budget was drafted, is there a contingency plan to cover this or what assumption was built in? Selectman Klumb stated the contract for the transportation of trash is a fixed price contract with no escalator, even for fuel. No additional funds have been asked for by the Highway Department. The Police Department has a contract price for fuel.

Bob Lake asked if there was a plan to maintain the roads on a rotating schedule. Selectman Klumb stated the plan is to seal as many roads as the money will allow to get back into a maintenance schedule. Some roads are beyond sealing, there are portions that need to be torn up and rebuilt. They will be done according to the program set up; with major work on short areas and minor work on as many miles as possible.

Moderator called for a voice vote.

PASSED BY VOICE VOTE

ARTICLE 17: To see if the Town will vote to raise and appropriate the sum of Fifty-five Thousand Five Hundred Forty-eight Dollars (\$55,548) for the following:

Health Department	\$ 325
Health Agencies	3,452
CASA – Court Appointed Special Advocates for Children	250
Welfare Department	6,300
Community Action Program	4,182
Parks & Recreation	3,310
Penacook Community Center	500
Library	33,729
Patriotic Purposes – Old Home Day	3,000
Conservation Commission	500

This Article is recommended by the Board of Selectmen

Moved and seconded.

Selectman Hashem explained there is a volunteer interested in organizing Old Home Day. Discussion ensued on money paid to Franklin VNA and how many residents are served. Concord VNA serves Webster, and it was also suggested to pay Concord some money, too. The Selectmen will look into paying both Concord and Franklin VNA. Kim Fortune asked what the Penacook Community Center money was used for. Judy Jones said it was an annual request and was for after-school and adult programs.

Moderator called for a voice vote.

ARTICLE 18: To see if the Town will vote to raise and appropriate the sum of Sixty-one Thousand Three Hundred Seventy-eight Dollars (\$61,378) for repayment of Long Term Debt and TAN interest:

Principal – Long Term Bond	\$40,000
Interest – Long Term Bond	20,378
TAN – Interest	1,000

This Article is recommended by the Board of Selectmen

Moved and seconded.

Moderator called for a voice vote.

PASSED BY VOICE VOTE

ARTICLE 19: To see if the Town will vote to raise and appropriate the sum of One Hundred Seventy-two Thousand Five Hundred Dollars (\$172,500) to be added to the following previously established Capital Reserve Funds:

Fire Dept. – Air Packs	7,000
Bridge Improvements	40,000
Fire Dept. – Dry Hydrant Repairs	2,000
Reappraisal	6,500
Town Hall Improvements	20,000
Police Cruiser	15,000

Fire Truck	48,000
Highway Land/Building Fund	15,000
Fire Department – Bunker Gear	5,000
Public Safety Building	5,000
Webster/Hopkinton Transfer Station Fund	3,000
Cemetery Improvements Fund	1,000
Police Equipment	2,500
Highway Equipment Capital Reserve	2,500

This Article is recommended by the Board of Selectmen

Moved and seconded. Selectman Hashem explained the total is down \$7,700. Question from the floor as to whether the funds could be exchanged between funds. Selectman Hashem stated the Selectmen cannot move them between funds.

Moderator called for a voice vote.

PASSED BY VOICE VOTE

ARTICLE 20: To see if the Town will vote to raise and appropriate the sum of Nine Thousand Dollars (\$9,000) to be added to the previously established Expendable Trust Funds:

Forest Fire Expendable Trust Fund	\$2,000
Welfare – Expendable Trust Fund	2,000
FD Equip. – Expendable Trust Fund	5,000

This Article is recommended by the Board of Selectmen

Moved and seconded. Selectman Cummings explained the Selectmen could spend money out of them during the year if they did not have enough funds in that operating line but cannot transfer between the accounts.

Moderator called for a voice vote.

PASSED BY VOICE VOTE

ARTICLE 21: Shall the Town vote to authorize the Board of Selectmen to offer for sale, as adopted at the annual Town Meeting of 1994 per RSA 80:42 III and 80:80 III, to abutters only those lots owned by the Town located in the Pillsbury Lake District, with the stipulation that the lots be merged with the existing abutting lot and no further lot-line adjustment will be allowed. The price to be determined by the Board of Selectmen at the time of sale. The list of properties available are as follows:

Map 10-1-109

Map 10-4-143

Map 10-6-41

This Article is recommended by the Board of Selectmen

Moved and seconded. Selectman Klumb explained that each year the Selectmen look at the land the Town owns to see if it is eligible for sale and if it is in the Pillbury Lake District, they review to see whether it will create a newer, buildable lot. The lots are sold to abutters by a bid process which puts the property back into taxable status.

Moderator called for a voice vote.

PASSED BY VOICE VOTE

ARTICLE 22: To see if the Town will vote, pursuant to RSA 32:5 V-a, to require that all votes of the governing body relative to budget items or Warrant Articles shall be recorded votes and the numerical tally of any such vote shall be printed in the Town Warrant next to the affected Warrant Article.

This Article is recommended by the Board of Selectmen

Moved and seconded.

Selectman Cummings explained that if there was dissent on a warrant article it would be reflected on the Warrant under the article i.e. this article is recommended by the Board of Selectmen Yes – 2 No – 1. Selectman Hashem added it would be for any vote on an article not necessarily dissent. The hope is to accurately reflect each Selectman's vote on an article.

Moderator called for a voice vote.

PASSED BY VOICE VOTE

ARTICLE 23: To transact any other business that may legally come before this meeting.

David Collins suggested more communication is needed for Planning Board articles (Zoning amendments) and that members of the Planning Board should be available to speak and answer questions at community gatherings such as the budget hearing and candidates night. It would be a good time to give more information to members of the community.

Jane Difley requested an explanation to the statement in the auditors report regarding the recording of long-term costs of retirement health care and obligations for other post employment benefits in governmental activities that have not been recorded and are not in accordance with generally accepted accounting practices. Moderator Janeway summarized it by saying we did not get a clean audit. Selectman Hashem explained if you do not account for everything perfectly the auditors have to give that qualified opinion. Wendy Pinkham explained the Town has not adopted GASB 45 and until such adoption, the Town will not be in compliance. Selectman Cummings explained the auditor would like the Town to form a special account for post-employment expense. For example, if a full-time employee leaves, the Town may owe them for leave time not taken. It is a technicality and is nothing to be alarmed about.

Road Agent Bean thanked the Town for their support throughout the year.

Selectman Cummings thanked the Supervisors for their work this past year and their work to purge the list in the year to come. Also a special thank you to Dorothy Proulx for donating a computer to make the Supervisors of the Checklist job easier. Thank you to all volunteers who serve on boards and all Town employees.

Selectman Hashem then read the following prepared statement:

“There has been much talk about the anonymous letter many residents have received.

The Board should not investigate an anonymous complaint that cannot be substantiated. The Board does not have jurisdiction in a school district issue. However, the letter alleges there are residents who will not report unfair or unwarranted treatment by employees of this Town out of fear.

The Board has the responsibility to investigate all complaints; however, the Board cannot investigate and resolve issues of which it has no knowledge.

Any person who feels they have received unfair or unwarranted treatment by any employee of the Town should send their complaint to the Board. The complaint will be held in confidence. A written complaint must include a name and phone number for verification or the complaint may be made in person.

The complaint will be discussed in a non-public session. Pursuant to RSA 91-A:3 II (c), if an issue involves a situation which, if discussed in public, would likely affect adversely the reputation of any person, it must be discussed in a non-public session.

Under penalty of law, each member of your Select Board is individually and personally responsible to maintain the confidentiality of every issue discussed in a non-public session. This protects both the complainant and the town employee.”

Selectman Hashem thanked Mary Welch for her service to the Town as Treasurer for four years. A standing ovation was given to outgoing Selectman David Klumb for his four years of service as Selectman. Moderator Janeway announced he would not be running again for moderator in 2012.

Meeting adjourned at 12:00 pm.

Respectfully submitted,

MICHELE ST. JACQUES,
Town Clerk

WARRANT FOR THE ANNUAL MEETING OF THE PILLSBURY LAKE DISTRICT

Business meeting will be held at the Webster Town Hall, 945 Battle Street, Webster, on Wednesday, March 14, 2012, at 7:00 pm, to act upon the following:

To the inhabitants of the Pillsbury Lake District, in the Town of Webster, in the County of Merrimack, in the State of New Hampshire, who are qualified to vote on District affairs:

You are hereby notified that the Annual District Meeting will be held on Wednesday, the 14th day of March 2012, at 7:00 pm at the Webster Town Hall, 945 Battle St., Webster, New Hampshire.

Voting on Article 1 shall be conducted by official ballot. The polls will open at 6:30 pm and close not earlier than 8:00 pm.

Article 1. To vote for the following District offices: One (1) Commissioner for a term of 3 years; one (1) Commissioner for a term of 2 years; one (1) Moderator for a term of 1 year; one (1) Clerk for a term of one year; and one (1) Treasurer for a term of one year.

Article 2. To see if the District will vote to raise and appropriate \$139,200 for the following purposes indicated: (Recommended by the Commissioners)

STIPENDS

Commissioner	\$1,000
Commissioner	1,000
Commissioner	1,000
Clerk	1,000
Treasurer	1,000
Moderator	<u>50</u>

Subtotal	\$5,050
-----------------	----------------

GENERAL EXPENDITURES:

Accounting/auditor	\$7,000
Legal Fees	1,000
Office Expense	2,500
Insurance	2,500
Water Distribution & Treatment	
Automobile	1,600
Telephone	1,500
Electricity/gas	12,500
Permits to Operate	700
Water Meter Software	1,650
Payroll & Payroll Processing	13,000
Water Service	
System Maintenance	45,000

Well Enhancement	20,000
Building Maintenance	500
Property Maintenance (plow)	1,600
Property Maintenance (mow)	1,900
Weed Control	13,000
Water Testing	5,500
Parks and Recreation	2,700
Subtotal	<u>\$134,150</u>

TOTAL ARTICLE 2**\$139,200**

Article 3. To see if the District will vote to raise and appropriate the sum of \$34,618.88 for a Bond Payment in January 2013. This payment consists of \$20,000.00 Principal and \$14,618.88 Interest. This article is non-expiring through December 31, 2013. \$10,000 will come from the Town of Webster. Should Webster not pass their article the \$10,000 will come from taxation.

(Dam Repair. Recommended by the District Commissioners)

Article 4. To see if the District will vote to raise and appropriate the sum of \$27,977.58 for the SRF Loan Payment in April 2012. This payment consists of \$15,655.00 Principal and \$5,256.88 Interest and \$7,065.70 Administrative Fees.

(Water Filtration System. Recommended by the District Commissioners)

Article 5. To see if the District will vote to raise and appropriate the sum of \$7,364.98 for repayment of the water meter installation loan. 50% of this amount (\$3,682.49) will be paid from the Water Meter Account and 50% will be paid by water customers only. No part will come from taxation.

(Recommended by the District Commissioners)

Article 6. To see if the District will vote to raise and appropriate the sum of \$85,000.00 to deposit to the Emergency Trust Fund which was established on March 14, 2007. The purpose of this fund is to be used for related Pillsbury Lake District business and operation. The Commissioners are given authority to act as agents to expend from this fund. These funds will come from the 2011/2012 Game/Hunting Preserve Timber Cut proceeds. None of these funds will come from taxation.

(Recommended by the District Commissioners)

Article 7. To see if the District will vote to discontinue the NH – PDIP Water Trust Fund created on March 14, 2003 and having a zero (0) balance as of December 31, 2011. This is a housekeeping article only.

(Recommended by the District Commissioners)

Article 8. To see if the District will vote to acquire property consisting of land and buildings located at 396 Deer Meadow Road and further described on the Town of Webster tax map as Map 10 Lot 1 from the Pillsbury Lake

Management, Inc., subject to the condition that the District lease the Club House back to the Pillsbury Lake Management, Inc. for a period of greater than five (5) years. The District Commissioners shall be authorized to negotiate the terms of the lease agreement.

(Not Recommended by the District Commissioners Vote 2-1)

Article 9. To transact any other business which may legally come before this meeting.

Given under our hands on this 8th day of February, two thousand twelve by the Commissioners of Pillsbury Lake District.

DAVID K. KLUMB, Commissioner
PHILIP STRITTMATTER, Commissioner
DAVID BREEN, Commissioner

A true copy of Warrant – Attest

DAVID K. KLUMB, Commissioner
PHILIP STRITTMATTER, Commissioner
DAVID BREEN, Commissioner

THE PILLSBURY LAKE DISTRICT

Minutes of the Annual Business Meeting

March 9, 2011

The Annual Business meeting was held at the Webster Town Hall, 945 Battle Street, Webster on Wednesday, March 9, 2011, at 7:00 pm.

Sue McGinnis volunteered to serve as moderator for tonight's meeting after it was pointed out from the floor that it would be improper procedure for the elected officials to perform this function.

Article 1. To vote for the following District offices: One (1) Commissioner for a term of 3 years, one (1) Moderator for a term of 1 year, one (1) Clerk for a term of 1 year, and one (1) Treasurer for a term of one year.

The polls were open from 6:30 pm to 8:00 pm. Elected were:

Commissioner for a three year term, David Breen.

Treasurer for a one year term, Terry Targett.

Clerk for a one year term, Dick Brown.

Moderator for a one year term, Kern Jackson.

The Moderator read Article #2:

Article 2. To see if the District will vote to raise and appropriate \$131,250.00 for the following purposes indicated: (Recommended by the Commissioners)

STIPENDS

Commissioner	\$ 1,000.00
Commissioner	1,000.00
Commissioner	1,000.00
Clerk	1,000.00
Treasurer	1,000.00
Professional Bookkeeper	1,000.00
Moderator	50.00
Subtotal	\$ 6,050.00

GENERAL EXPENDITURES:

Office Expense	\$ 2,350.00
Miscellaneous	100.00
Insurance	2,500.00
Legal	1,000.00
Audit	6,800.00
Utilities	13,700.00
Payroll & Payroll Processing	11,000.00
Automobile	1,600.00
Building Maintenance	1,500.00
System Maintenance	55,000.00
System Maintenance/Nobis	10,000.00
System Maintenance/Water	
Meter Software	1,500.00
Property Maintenance and	
Snow Removal	3,000.00
Permit Fees	1,000.00
Water Supply Testing	6,000.00
Parks and Recreation (& mowing)	+2,000.00
De-Weeding	6,000.00
Subtotal	<u>\$125,200.00</u>

TOTAL ARTICLE 2 **\$131,250.00**

A floor question on the line System Maintenance/Water Meter Software was answered by Commissioner Klumb saying that while ARRA money was used to install the water meter system, ongoing maintenance costs become part of the operating budget. Commissioner Klumb also explained that the line item for System Maintenance/ Nobis was put in because N.H.D.E.S. demanded 'draw-down' tests of the District's wells after our summer 2010 water emergency. We have since progressed to video examination of Franklin Pierce well #4 and Peninsula well #6 which are under performing. Analysis of this video will determine our course of action which most likely will involve re-drilling these wells but, worst case, could mean drilling a new well.

N.H.D.E.S. feels that we need a total water output of 30-40 gallons per minute from all wells and that is the District's goal. Commissioner Klumb further explained that, to date, we have spent \$22,523.24 to overcome recent water emergencies. This money was spent for refilling our storage tanks with truckloads of potable water, heavy equipment and parts costs to replace Franklin Pierce well pump #4 and other things like road sanding and mailing of N.H.D.E.S. mandated notices. We can further expect to spend approximately \$18,000.00 to \$20,000.00 to correct flaws in the two underperforming wells. This money will come from, approximately \$77,000.00 held in The District Emergency Trust Fund and the Water Trust Fund. Commissioner Klumb also stated that the video-analysis report from the hydrologist would be posted on the web (groups.yahoo.com/group/pillsburylake) and submitted to the Grapevine. The District also asked for permission from the community to augment these Emergency Funds with money obtained from selling timber on the 300 acre 'hunting preserve'. This would require a community vote to sell a community asset (see article #6).

There was further discussion about proposing a motion which would force the Commissioners to use Trust Fund and only the Trust fund money to pay for the DES mandated solution to our water shortages. The motion was deemed unnecessary because there is no other source to pay for this project. After this discussion, a majority of the community voters passed Article #2 as written

The Moderator read Article #3:

Article 3. To see if the District will raise and appropriate the sum of **\$35,043.70** for a Bond Payment in Jan. 2012. This payment consists of **\$20,000.00** Principal and **\$15,043.70** Interest. This article is non-expiring through December 31, 2012. \$10,000 will come from the Town of Webster. Should Webster not pass their article the \$10,000 will come from taxation.

(Dam Repair, Recommended by the District Commissioners)

This article was passed as written without discussion by a majority of community voters.

The Moderator read Article #4:

Article 4. To see if the District will raise and appropriate the sum of **\$27,978.25** for a Bond Payment in April 2011. This payment consists of **\$15,128.00** Principal and **\$12,850.25** Interest.

(Water Filtration System, Recommended by the District Commissioners)

A motion from the floor asked that the payment of this article would be paid entirely by District Water Customers without recourse to tax assistance. It was pointed out that this would add \$270.00 to each water-usage bill. Many private well owners feel oppressed by their tax contribution to the operation of the water system. A community member stated that although many people have no children in the school system they still contribute to their operating

costs through their taxes. The motion was defeated by a majority of community voters.

Article #4 was passed as written by a majority of community voters.

The Moderator read Article #5:

Article 5. To see if the District will vote to raise and appropriate the sum of **\$7,157.43** for repayment of the water meter installation loan. Fifty (50%) percent of this amount will be paid from the NH PDID Water Meter Fund and Fifty (50%) percent will be paid by water customers only. No part of this amount will come from taxation.

(Recommended by the District Commissioners)

Article #5 was passed as written by a majority of community voters.

The Moderator read Article #6:

Article 6. (as proposed) To see if the District will vote to raise and appropriate the sum of **\$5,000.00** for deposit to the Emergency Trust Fund which was established on March 14, 2007. The purpose of this fund is to be used for related Pillsbury Lake Village District business. The Commissioners are given authority to act as agents to expend from this fund. (Recommended by the District Commissioners)

The community voters present amended this article to read

Article 6 (as amended) *To see if the District will vote to raise and appropriate the sum of up to \$25,000.00 for deposit to the Emergency Trust Fund which was established on March 14, 2007. This sum is to be raised by selling timber from the 'Hunting Preserve' (off New Hampshire Dr.). The Commissioners are given permission to sell the timber asset.*

The amended Article # 6 was passed

The Moderator read Article #7:

Article 7. To see if the District will vote to investigate the transfer of ownership of the Pillsbury Lake Community Center at 396 Deer Meadow Rd. as recommended at the Pillsbury Lake Management Annual Meeting in August 2010 and also recommended by the Pillsbury Lake Planning Committee.

(Recommended by the District Commissioners)

In discussion of this article Commissioner Klumb and Moderator Sue McGinnis, also President of Pillsbury Lake Management explained that the plan was for the District to assume ownership of the community center and land (lot 10-1) and lease the building back to Pillsbury Lake Management. This would leave the community situation unchanged. Pillsbury Lake Management would still require the \$75.00 annual fee to maintain the building but the Management would not be required to pay property taxes on the property and could use the additional money gained to perform needed repairs on the building.

A community member asked why we don't just tear the building down. Moderator McGinnis explained that the suggestion is something to be entertained at the Annual Management meeting.

Article #7 was passed by a majority of community voters.

The Moderator called for new or old business:

Article 8. To transact any other business which may legally come before this meeting.

Commissioner Klumb expressed the community appreciation for the services of outgoing Interim Treasurer M.J. Turcotte, outgoing Commissioner Steve Palmer (who was in attendance) and outgoing Moderator Tom Wolklin (who was not in attendance).

The meeting was adjourned at 8:31 pm.

DICK BROWN
Clerk, Pillsbury Lake District

PILLSBURY LAKE AUDITOR'S REPORT

INDEPENDENT AUDITORS' REPORT

To the Members of the Board of Commissioners
Pillsbury Lake Village District
Webster, New Hampshire

We have audited the accompanying financial statements of the Pillsbury Lake Village District, a municipal corporation, as of and for the year ended December 31, 2010 as shown on pages 3 through 5. These financial statements are the responsibility of the Pillsbury Lake Village District's management. Our responsibility is to express opinions on these financial statements based on our audit. Except as discussed in the following paragraph, we conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions. Management has not implemented Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments*. Therefore these financial statements are presented following the principles that were in effect prior to GASB Statement No. 34. Management has not presented government-wide

financial statements to display the financial position and changes in financial position of its governmental activities and business-type fiduciary fund types, nor are major and nonmajor funds separately identified and classified. The financial statements presented report expendable trust funds, which should be reported as special revenue funds under the new reporting model. The financial statements should be included in the government-wide financial statements were they presented. Also, the financial statements do not contain any information on capital assets because the government has not maintained historical cost records of such assets. Management has not presented a management's discussion and analysis as required. The amounts that would be reported in the missing statements and required supplementary information, and the effects of reclassifying and properly reporting the information presented are not reasonably determined. In our opinion, because of the effects of the matters discussed in the preceding paragraphs, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Pillsbury Lake Village District as of December 31, 2010, or the changes in its financial position or its cash flows, where applicable, for the year ended.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Pillsbury Lake Village District's basis financial statements. The combining and individual fund schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. For reasons stated in the third paragraph of this report, we expressed an opinion that the financial statements of the Pillsbury Lake Village District do not fairly present the financial position, results of operations, and cash flows in conformity with accounting principles generally accepted in the United States of America. Therefore, we do not express an opinion on the accompanying combining and individual fund schedules.
